Friday, February 2. 1705.

From the Paris Gazette, dated Jan. 31.

*Naples, December 30.*

**S**OME Banditti having got together in the Province of Salerno, have infested the Roads and committed great Disorders. But the Duke d'Escalona having issued proper Orders for hindring their increasing in Number, and for freighting them on all sides; and at the same time giving them Hopes of kind Usage if they would return to their Duty, their chief Leaders came on Christmas-day, and throwing themselves at his Feet beg'd Mercy. He pardon'd them, and dispos'd of them into several Garrisons. A Forreigner was seiz'd here t'other day in an Inn; some seditious Papers, and also some Commissions were found about him: But we cannot learn yet who he is. The Viceroy is employ'd in settling Funds to supply the Sums necessary for levying 4500 Men, which are to be transported to Spain, before the Campaign is open'd. Two Ships of Malta, have lately taken 2 Turkish Prizes, one valued at 50000 Crowns, the other had on board 15000 Pieces of Eight in Specie, besides her Cargo.

From the Leiden Gazette, dated Feb. 5.

*Naples, Jan. 13.* Our Viceroy having receiv'd Order from the Court of Madrid, to lay a Tax of 15 per Cent. on all real Estates, to employ 2 thirds of it in the necessary Occasions of this Government, and to remit the other third to Spain; the Viceroy, for fear of a Commotion, has thought fit to venture to lay no more than 10 per Cent. on Land and Houses, and to send half the Produce of that Tax to Madrid.

From the Rott. and Leid. Gazettes, dated Feb. 5.

*Madrid, Jan. 14.* His Majesty persists in his Resolution of making the ensuing Campaign; and designs to go early into the Field: His Equipage is getting ready with all diligence. The Cities of Seville, Corduba and Valladolid, refuse to pay some Imposts that are laid upon them; and alledge that they have already paid rather greater Taxes than the poor Condition they are in by the Decay of Trade would allow. The chief Dealers in the Wooll of this Kingdom, make pressing Instances for a free Trade with Holland; and represent that both the French Court and the Council of Castile have given their Consent to it; but the Ministers of the Cabinet, upon whom this Affair does now wholly depend, do not appear dispos'd yet to yield to it. The Duke of Turis in his Return from this Court to Italy, paid a Visit to the Queen Dowager at Toledo. Monsieur Menager is arriv'd from France, to succeed Monsieur Orri, in the Place of Intendant. We shall see whether he will gain more of the Affection of the Spaniards than his Predecessor did. The Marquis of Monteleon, who is nominated to go Envoy extraordinary to the Republic of Genoa, has had 6000 Crowns advanc'd to him towards the Expence of his Journey. We have Advice, that a Party of 100 Horse sent out of Ciudad-Rodrigo, having entred the Province of Beira on the side of Alfaiates, seiz'd and have brought off 3000 Head of Cattle, without any Opposition: And that another Party has stop'd at Guinaldo 26 Mules

loaded with Corn, with which some Persons were going to Portugal, notwithstanding the strict Prohibition: Those Persons will be exemplarily punish'd. We have also Advice, that the Enemy are drawing some Troops together near Pennamacor, with a Train of Artillery, Ammunitions and Provisions; which makes it suppos'd they design to besiege Salvaterra. The 12th 3 Domestick Servants of the Count de Cifuentes were brought Prisoners hither; and yesterday 80 Men of the Horse Guards march'd from hence to fetch that Nobleman out of a Cloyster in Arragon in which he has taken Sanctuary. This Week Expresses were dispatch'd from Court to Sevil and Cadix, with new Orders for the Galleons to prepare to depart forthwith for the West-Indies.

From the Harlem Courant, dated Feb. 5.

*Amsterdam, Feb. 4.* Letters from Cadix of the 5th of last Month say, the Baron de Pointis was to set out from thence that day for Madrid; to receive Orders from the Council of the Indies, to convoy the Galleons to the West-Indies: These Letters add, that he was to return very speedily, and to put to Sea by the 1st of this Month.

From the Harl. Cour. & Leid. Gaz. dated Feb. 5 & 7.

*Vienna, Jan. 24.* The last Letters from Hungary advise, that General Heister having pass'd the Waag near Schilly, in hopes to surprize some Troops of the Malecontents, met only with 1 Party of 20 Men, who at sight of the Imperialists fled: But 3 of them were taken by our Men, and reported, that Count Caroli and one Pickery, were come to Yrmin and Montschonock with 12000 Men that they had drawn together in Upper Hungary; and that the rest of the Malecontents were in Motion to joyn them, designing in a Body of 30000 Men to pass the Waag: Upon this Intelligence, General Heister not having a sufficient Number of Troops to dispute the Passage of the Malecontents, thought fit to retire to St. George: Whereupon the Malecontents have pass'd the Waag; and some of them have taken Post on the Island of Schut; others commanded by Bothiani have cut off about 100 Imperialists in their Quarters, have put a pretty large Tract of Country under Contribution, and are advanc'd near to Presburg. Orders are sent to the Regiments of Hanover and Gronsfeld to hasten their March to Hungary; their Baggage arriv'd here yesterday, and the Regiments are expected in a Day or 2. The Garrison of Esperies, having not long since surrendered that Place to the Maleconts, for want of Provisions; the Malecontents, when the said Garrison march'd out, fell upon them, (in Breach of the Capitulation, and contrary to the Law of Arms,) and put their chief Officer Wilson, most of the other Officers, and all the common Soldiers to the Sword, saving only some Officers whom they detain Prisoners.

From the Amsterdam Courant, dated Feb. 7.

*Vienna, Jan. 24.* Letters from Segedin make mention of a 2d Advantage gain'd over the Malecontents by General Rabutin in Transilvania: Of which we wait a Confirmation and the Particulars. A Detachment of the Body of Malecontents commanded by Prince Ragorski, have possess'd themselves of the great Island

Island of Schüt; and the Malecontents having drawn together in great Numbers on the Waag, and growing stronger daily, General Heister having left the Silesian Recruits and the Battallions of la Tour, Sanlik, Bagni, and Neuburg, in Tirnau, retir'd towards Bosing and Modern; and has since dispos'd the rest of his Troops in the following Manner, viz. The Head Quarters are at Bosing, where are the Train of Artillery, 1 Battallion of Heister, 2 of Haslinger, 3 of Virmond, and 6 Squadrons of Montecuculi; at Modern are the Battallions of Cusani, Fels, Darmstad, la Marche, Kriegbaum, Friesen, and Nehem; at St. George the Battallions of Lavigny, Guido Staremburg, Konigseck, Maximilian Staremburg, Wend, and Arnau; and 3 Troops of Hussars: And these Forces are to be joyn'd by the 3 Regiments of Horse of Hannover, Gronsfeld, and Hohenollern, and 2 of Poor, of Salm, and Toler, that are coming from Bavaria.

From the Harl. Cour. & Amst. Gaz. dated Feb. 6 & 7.

*Triers*, Jan. 30. The 28th instant 4 or 500 Hussars made an Excursion towards Metz, they burnt several Houses and 5 or 6 Villages in the Diocess of Metz, and return'd with many Prisoners. The same day we were not a little alarm'd here, for a Match was found burning in our Magazine; great pains has been taken to discover the Person that laid it there, but in vain; yet a French Spy was on this Occasion detected and seiz'd. The Count of Nassau-Weilburg is arriv'd at Homburg, as are several other Officers, to hold a great Council of War.

From the Leiden Gazette, dated Feb. 5.

*Triers*, Feb. 1. The Generals of the Troops of the Allies that are in Winter Quarters on the Moselle, are making Preparations to drive the French out of Sirk, and afterwards to bombard Saar-Louis, in which Place the Enemy have great Magazines; some talk they will lay formal Siege to it.

Since so many Upstarts do daily publish one thing or other to counterfeit the Original Stroops for setting Razors, Penknives, Lancets, &c. upon, and pretend them to be most excellent, the first Author of the said Stroops doth hereby signify, that all such sorts of things are only made in imitation of the true ones, which are permitted to be sold by no one but Mr. Shipton at John's Coffee-house in Swithin's-Alley near the Royal Exchange, as hath been often mention'd in the Gazette, to prevent Peoples being further impos'd upon, price 1 s. each, with Directions neatly fix'd upon the back of each Board to distinguish them from others.

These are to give notice, That *Susanna Kirleus*, the Widow and Relick of the famous Dr. Tho. Kirleus (a Sworn Physician in Ordinary to K. Charles II. and a Collegiate Physician of London) and *Susanna* her only Daughter, are the only Persons that with a Drink and Pill, hindring no business, can cure all sorts of Leprosies and Scorbuteck Humours whatsoever (tho' never so great) and the most inveterate Venereal Disease with all its Attendances (after 40 Years Experience of the said Mother, and 20 Years of the said Daughters, in the Doctor's Lifetime) as the Doctor so successfully did without the use of Mercury, which raiseth the Malignity and other Evils from the lower parts, and fixeth the same in the Head, and so destroys many. The Drink and Pill cleanse the Body and Blood of all Impurities which are the cause of Dropsies, Gouts, Scurvies, Stone or Gravel, pains in the Head and other parts. The whole secret of this method of Cure never was imparted by the Doctor to any Person but his said Wife, nor by her to any but her said Daughter, (tho' many have and do still grossly impose upon the Publick by pretending the contrary,) who both live still at the Glais Lanthorn in Plow-yard in Grays-Inn-Lane, and never remov'd from thence; And if any Person send their Grief and Age, can cure them as well as if they were young. The Drink is 3 s. a Quart, the Pills 1 s. a Box with Directions. All Persons may have Advice Gratis, and the Poor will be dealt very compassionately withall.
